ABOUT ME

As a Frontend Developer with over two years of experience building responsive, user-friendly web applications. I started coding as a hobby in 2016, and in 2022, I began focusing on JavaScript and frontend development. Since then, I've worked on many freelance projects. I care a lot about clean UI, good performance, and simple user experiences.

Right now, I'm working at Tavana, where I've grown as both a developer and a teammate—going deeper into the React ecosystem and getting better at using Next.js, Tailwind, and team workflows.

EXPERIENCE

- **Tavana**  November 2024 – Present
Frontend Developer Tehran, Iran

- Got deeper experience with Next.js and modern frontend tools.
- Helped build and improve fast, scalable components for an online store.
- Improved my teamwork skills and learned to work better in a team environment.

- **Tavana Store (E-commerce Platform):** Tavana
Tools: Next.js 14, Tailwind CSS, i18n
 - Developed a multi-vendor e-commerce platform with comprehensive admin and seller dashboards.
 - Refactored the website for better performance, maintainability, and overall user experience.
 - Implemented internationalization (i18n) to support multiple languages and improve accessibility for global users.
 - Integrated Swiper.js and Tailwind CSS to build responsive, mobile-friendly sliders and elevate UI/UX design.

- **Blueprint**  March 2024 - November 2024
Frontend Developer Tehran, Iran

During my time at this company, I faced challenges like learning **React Native**, **Redux**, and **Zustand**, and successfully completed **five projects**, with three currently active. Key projects include:

- **Pax Cast:** Blueprint
tools:
 - A platform for medical imaging centers where patients can view images and reports, and centers can manage their services easily.
- **Marvel Quiz:** Blueprint
tools:
 - A quiz platform where users can browse and buy exams, upload PDFs, add questions, and review answers. Exams can have multiple booklets with online answer sheets.
- **One Coach:** Blueprint
tools:
 - A web app for coaches and trainees. Coaches can manage training sessions, and trainees can view exercises, watch videos, and mark sessions complete.
- **VPN Client:** Blueprint
tools:
 - A mobile app for secure VPN connections using manual settings or QR codes.
- **Trust Pilot (Iranian Version):** Blueprint
tools:
 - A platform to find, review, and rate businesses, and read others' reviews.

These projects helped me improve my technical skills.

FREELANCE PROJECTS

• Parsian Refinery [🌐] Tools: Next.js, Framer Motion, Tailwind CSS, Swiper.js	2024
• Vitrine [🌐] Tools: React.js, Swiper.js	2022
• Satyar Sanat Novin Oxin [🌐] Tools: TypeScript, Next.js, Tailwind CSS, Framer Motion, i18next	2023
• Invoice Generator (Hesabemoon) [🌐] Tools: Next.js, Framer Motion	2022
• Print House [🌐] Tools: Next.js, Framer Motion, Swiper.js	2023
• Phishing Detector Chrome Extension Tools: HTML, CSS ◦ Developed a Chrome extension to assess phishing risk on opened websites ◦ Implemented visual indicators and alerts to warn users of potential threats ◦ Designed the extension with HTML and CSS for a user-friendly interface	2023
• DNS Dashboard Tools: react, pure CSS ◦ Developed a comprehensive dashboard to monitor and manage DNS settings ◦ Created interactive features for managing DNS records, enhancing user control ◦ Utilized a clean, intuitive layout for efficient data visualization	2023

EDUCATION

Semnan University, Semnan, Iran Bachelor’s Degree in Computer Science	2017 – 2022
Azad University, Tehran, Iran Master’s Degree in Software Engineering	2023 – Current

SKILLS

• Fundamentals: HTML, CSS, JavaScript, Responsive Design • Frontend Frameworks: Next.js, React.js • State Management: Zustand, Redux, Redux Toolkit, Redux DevTools • CSS Frameworks: Tailwind CSS • Version Control: Git, GitHub, GitLab • Other Tools & Libraries: REST API, NextUI, Material UI, i18next, Framer Motion, Swiper js, React Hook Form

CERTIFICATIONS

• Quera Front-End Bootcamp [🌐]

LANGUAGES

Mother Tongue: Persian • English: Independent User ◦ Listening: B1 ◦ Reading: B2 ◦ Writing: B1 ◦ Spoken Production: B1 ◦ Spoken Interaction: B1
